Assignment 1

Determine all the possible **Web 2.0 channels of communication** between NYIT-to-students, NYIT-to-graduates, students-to-students, graduates-to-graduates, etc. “NYIT” implies the administration, faculty or staff. You should also consider online portals or communities, and the various media e.g. emails, text messaging, photos, videos, etc.

**List, Describe and Evaluate** each channel based on popularity, ease of use, availability of freeware tools (list the URLs), etc. Then **rank** the different channels of communication in decreasing order of importance (based on your research). You may tabulate your findings.
